We are pleased to offer students of the Early College of Arvada (ECA) access to the computer network for Internet access.

Access to the Internet enables students to explore thousands of libraries, databases, and bulletin boards throughout the world. Families should be warned that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate or potentially offensive to some people. While our intent is to make Internet access available to further educational goals, students may find ways to access other materials as well. We believe that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed any disadvantages. Ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using the Information sources. To that end, Early College of Arvada supports and respects each family's right to decide whether or not to apply for access.

Students are responsible for good behavior on school computer networks just as they are in a classroom or a school hallway. Network access is given to students who agree to act in a responsible manner. Parent permission is required, and parents must agree to a waiver of claims and indemnification/hold harmless provision, which is set forth in bold type on the permission form below. Access is a privilege -- not a right. Access entails responsibility.

Early College of Arvada intends to provide a tool for education activities. Students using the school network are not permitted to do the following:
